

# Parent Advisory Committee

Would you like more ideas about how to support your child's education?

*Find out how at the next Title 1 PAC Meeting!*

## WHAT WE DO WITH TITLE 1 FUNDS

Title 1 funds provide additional learning opportunities to help ensure that students meet the rigorous state academic standards in math and reading. We do this by adding to the complete educational programs currently offered by the Salem-Keizer

School District.

Additionally, we seek to actively provide parent engagement activities to build parent capacity in helping their child at home, and to support the home and school partnership.

Come be part of the Parent Advisory Committee and represent your Title 1 school.
